Science center offers free STEM programming

Great Lakes Science Center is closed to the public for now, but will continue to support educators and families with a range of engagement via Curiosity Corner Live.

This new web-based series of STEM curriculum and programming is a significant shift for the organization to go from revenue-based programs to free virtual engagement. But the shift is critical for the Science Center to continue to serve

its mission while facing reduced attendance or closure due to the necessary response to the spread of the novel coronavirus in our region.

Curiosity Corner Live builds off the Curiosity Corner blog that was launched last year on the Science Center's website and will appeal to families looking for virtual options from trusted sources as they stay at home rather than going out.

Curiosity Corner Live will be accessible via the Science Center's YouTube channel, with new content posted every weekday, including experiments you can do at home, exclusive content filmed at the Science Center, quizzes, games and more. Follow the Science Center on social media for announcements when new videos are posted and check out the debut video here.

Ben Affleck gives one of his best performances in *The Way Back*. Affleck plays Jack Cunningham, a construction worker who is asked by the priest of the local church if he will coach their basketball team.

In the mid 90s, Jack was the star player on the team but is in a bad way having separated from his wife and is suffering from alcoholism. Jack reluctantly agrees and his unconventional, and less than church like, methods work on a team of students who eventually earn his respect and admiration.

Directed by Gavin O'Connor, *The Way Back* is a bit of an anomaly in that it does not always follow the sports movie formula like say a *Hoosiers* might have, which is refreshing. The movie is really centered

around Jack's character as he goes through this time period in his life and the ups and downs that take place. *The Way Back* is certainly inspiring at times and Affleck does such a terrific job in this performance it's easy to forget just how simple this movie is. The movie does not have a big supporting cast but Al Madrigal is a stand out as the assistant coach.

The Way Back does not try for any over-reaching message or statement but brings this character to the screen and gives a good sports movie in the process. Affleck should be remembered come awards season as he has won Oscars for writing and producing but his acting has never been singled out, though he has seldom been as good as this.

Lex named Tree City USA

The Village of Lexington has been named a 2019 Tree City USA by the Arbor Day Foundation.

Lexington achieved the status by meeting four requirements: a tree board or department, a tree care ordinance, an annual community forestry budget of at least \$2 per capita and an Arbor Day observance and proclamation.

The program is sponsored by the Arbor Day Foundation, U.S. Forest Service and the National Association of State Foresters.

Census invitations to arrive soon

As invitations to respond to the 2020 Census begin hitting mailboxes, the U.S. Census Bureau wants you to know you can respond in more languages than ever before. In fact, over 99 percent of the nation's households will be able to respond to the once-a-decade population count online or by phone in the language they speak at home.

"By giving households the option to respond online or by phone in English and 12 additional languages, we are giving residents the tools they need to be counted and encouraging them to shape their futures," said Steven Dillingham, director of the Census Bureau.

Census invitations will include an insert in the 12 non-English languages, inviting people to respond online or by phone.

These bilingual invitations will go to all households in census tracts (areas with about 4,000 households) where 20 percent or more of the households primarily speak Spanish, according to American Community

Survey data collected from 2013 to 2017.

Households in areas less likely to respond online will also receive a paper questionnaire with the initial invitation. Beginning April 8, households that have not yet responded will receive a paper questionnaire. (Households receiving bilingual invitations will receive bilingual English/Spanish paper questionnaires.)

Beginning in mid-May, census takers across the nation — many bilingual — will visit households that haven't responded to collect responses in person.

The Census Bureau is providing video guides narrated in 59 non-English languages (including American Sign Language) to help people respond online and print guides written in the 59 non-English languages to help people complete the English paper questionnaire. Guides are also available in Braille and large print English. Additionally, the Census Bureau will offer live, non-English help by phone between 7 am to 2 pm.

Bloodmobile donations remain crucial

The American Red Cross strongly urges healthy, eligible individuals who are feeling well to give blood or platelets to help maintain a sufficient blood supply and prevent shortages.

Cold and flu season has already impacted the nation's ability to maintain its blood supply. As the number of coronavirus cases grows in the U.S., the number of people eligible to give blood for patients in need could decrease further.

Make an appointment to donate blood now by using the Red Cross Blood Donor App, visiting RedCrossBlood.org, calling 1-800-RED CROSS (1-800-733-2767) or enabling the Blood Donor Skill on any Alexa Echo device.

Donating blood is a safe process and people should not hesitate to give or receive blood. There are no data or evidence that this coronavirus can be transmissible by blood transfusion, and there have been no reported cases worldwide of transmissions for any respiratory virus, including this coronavirus, from a transfusion.

The Red Cross only collects blood from individuals who are healthy and feeling well at the time of donation — and who

meet other eligibility requirements. Red Cross employees follow thorough safety protocols including wearing gloves, routinely wiping down areas, using sterile collection sets for every donation, and preparing the arm for donation with an aseptic scrub.

Individuals are asked to postpone their donation for 28 days following travel to China, Hong Kong and Macau, as well as Iran, Italy and South Korea or if they have been exposed to a person who is suspected to have the virus.

PLEASANT TOWNSHIP — The Ontario boys enjoyed their first win ever on the Marion Pleasant hardwood in their last MOAC battle of this season in the only snow delayed game of the entire winter. OHS built a huge 26 point advantage with a minute to go in the third frame and coasted to a 56-47 triumph in a contest originally slated to be contended exactly a week earlier.

The Spartans posted their lone lead of the night at 7-5 off an OHS miscue that generated a fastbreak layin. That ignited a furious 16-2 Warrior onslaught over the next seven possessions. Shaquan Coburn fired in three baskets in succession then Griffin Shaver buried a trey from out front on a three shot series. Two more putbacks after another Shaver tally sent the margin soaring to 21-9. Jon Nagel connected three times from the field as the rampage continued, scoring twice compliments of his own offensive rebounds as Ontario poured it on during the first three minutes of the second period until the spread reached 30-12. Thereafter little scoring occurred after the half.

Kolten Kurtz found the range early in the third stanza zinging back to back treys to double the count on Pleasant at 42-21. When Shaver ripped the cords from downtown again Jayden Price followed with a theft and length of the floor layup. A fourth Nagel basket shoved the gap out to 50-24, the widest lead the Warriors have ever held in this rivalry.

Suddenly the momentum shifted wildly. Pleasant blasted a trio of treys in the last minute of the quarter, then crashed the boards for a traditional three point play to start the ensuing stanza. A steal and easy bucket for the Spartans completed a 14-0 run in under three minutes. OHS settled down and played good defense to finish it out while twice breaking Pleasant pressure for transition scores. One of those got

Nagel into double digits at 11. He went 5 of 5 for the evening.

Shaver was a real nemesis for the home team, canning 9 of 16 shots from the field and Ontario's only one and one to post his jersey number's worth of points at 23. He also assisted on seven other casts into the cylinder. Nolan Payne continued where he left off in his previous MOAC contest and even led the squad this time with eight rebounds. Coburn grabbed six caroms and Price five. Ty Namenyi took coach Joe Balogh's defensive player award. Price and Nagel shared off the bench honors.

The OHS jayvees absorbed a 46-43 setback at the hands of the Spartans, just their second loss of the year. This time it wasn't a bad half, Pleasant was just sizzling from long range burying 7 of 11 shots from beyond the arc. The Warriors tried to counter that with lots of success in the paint. Alex Rathburn went 7 of 10 to pace the locals with 15. Darian Delbrugge was next with 11 and stole the sphere from the foe four times but had a cold night from outside. He garnered defensive player status while Rathburn snagged coach Tim Henige's off the bench citation. Gage Weaver added 10 points and led his club with five boards. The 10-2 loop mark for OHS was tops among league JV teams.

Lady Lex pounds Mt. Vernon, claims outright OCC Crown

By Jim Warne

MOUNT VERNON — Avery Coleman had a major double double in leading the Lexington girls to a 48-29 drubbing of the Yellow Jackets in the last conference game of the season. Lady Lex's 10-2 league record ranked all alone atop the OCC, their first crown in this sport since 2007. Coleman tossed in a third of her team's points with 16 and also pulled down a like number of rebounds, eight on both offense and defense. She also blocked three shots and forged four thefts. Avery was 7 of 12 from the field in the Thursday night fracas.

The LHS gals never trailed nor were tied once they scored, but the Jackets remained within a possession for the first quarter. The second frame was decisive with the Lex defense clamping down to limit the guests to two baskets. Most of the period was a 15-3 run. Mount Vernon only hit 28 percent of its field goal tries the rest of the contest and the Lexington advantage swelled until reaching 43-20 toward the end of the third segment. The hosts profited 16-7 on points off turnovers and 10-4 on second chance opportunities.

Lizzie Hamler had an outstanding evening pouring in 10 counters on 5 for 7 shooting. The visitors were able to defend against Gabby Stover inside but she connected for both of her club's treys and ended up with eight points. Stover nearly made double figures in assists firing off nine of them. Emma Sturts chalked up three steals in the fray. Mount Vernon prevailed in the reserve game 32-24.

Strong fourth quarter gives OHS first win over Ashland

By Jim Warne

ASHLAND — The Warriors had only beaten the Arrows once in their five meetings before this year. That one was a 64-61 nailbiter at Ontario in 1992. But OHS finally recorded a victory over them on their home hardwood 57-53 on Senior Night on a Tuesday evening entanglement the next to last week of the regular season. Ashland was missing Luke Denbow for this meeting which made the outcome a toss up. Ontario had won on that floor playing someone else in the tournament.

The Warriors tallied on four consecutive trips down the court to nab a 9-3 lead by the middle of the first quarter. The hosts cut it to a single point then treys by Griffin Shaver and Shaquan Coburn had the locals back up by six soon after the onset of the second period. When AHS trimmed the deficit back to 19-18, Quan zinged an NBA range trey. A Jayden Price theft and coast to coast layup on the ensuing series kept the Warriors in command until six straight scoreless possessions finally allowed the Arrows to draw even.

Ashland came out sizzling after intermission, scoring on 7 of its first nine forays down the floor in the third canto. Kolten Kurtz stripped the ball free and flew to the other end for a wide open bucket to hand his squad its final edge of the segment at 36-34. Fouling Eli White was a bad idea the rest of the way as he made all eight freebies and pushed the home team up 40-36.

The Warriors stymied the Arrows from this juncture until less than three minutes were left in the battle. Shaver and Coburn did a superb job during this stretch of spinning past a defender to a jump stop deep in the lane and banking home five foot shots. They had OHS out front 50-42 by the time Ashland made its first hoop of the final frame. Coburn was fouled when he jabbed the ball free on the subsequent Arrow play. He missed the free throw but Amil Upchurch barreled in to the nab the rebound and stuck it back in. Ashland's Mitchell Heilman tried three times on the next possession from varying distances to score but all rimmed out. Ty Namenyi ripped down the third miss and rifled the ball to Shaver who tossed it the length of the court to Upchurch for a fastbreak bunny and Ontario led it 54-44 with 44 seconds to go.

The Arrows tallied on all four of their remaining series and fouled Coburn as soon as he got the resultant inbounds pass. He just made half of the charity tosses but that was enough to keep the locals out of harm's way. It should have been 57-52 as freshman Grayson Steury's shot at the horn from the wing was counted as a three but he was only 15 feet out. He should be an outstanding threat in the future for the Arrows as he paced all scorers with 21 counters going 6 of 10 from the field and 6 of 8 from the line.

Shaver squeezed past Coburn 18-17 for top slot on the Ontario side of the scorebook. Upchurch added 13 and made it a double double hauling down 11 rebounds which was nearly half the team total of that stat. Kurtz generated three steals and was accorded coach Joe Balogh's defensive player citation. Price took the off the bench award. Shaver fired off five assists. The locals did a fantastic job of taking care of the basketball in this confrontation, turning it over only three times all evening, and one of those was a lane violation on a made foul shot which took a point off the board but it would have been the Arrows' ball in any case.

The Warrior jayvees continued a fabulous campaign bouncing Ashland 51-34 for their 17th win in 18 tries. Darian Delbrugge and Gage Weaver tied at the top with 12 points apiece. Delbrugge only missed one shot in the game while Weaver was 5 for 9. Jacob Barabani went 3 for 5 obtaining his seven counters. He earned coach Tim Henige's off the bench laurels. Weaver yanked down seven rebounds while Brock Hill garnered five and was picked as defensive player of the tiff. Zach McCristall and Hill both issued four assists. Alex Rathburn rejected a pair of Arrow shots.
